

Free Dry Eye Screening

Friday, July 31 1:30 – 4:30 pm

BY APPOINTMENT ONLY

Are You:

- Between the ages of 30 and 85?
- An artificial tears user?
- Diagnosed with dry eye, or do you have at least 3 of the following:

eye discomfort

grittiness

scratchiness

eye burning

eye dryness

tired eyes

excess tearing

blurry vision

Sjogren's diagnosis

You may have a condition that affects over one million Americans and is very treatable. This free 20 minute screening, by appointment only, will tell you more about your eyes. Appointment availabilities are limited so call soon. You may be asked if you would like to participate in future clinical trials related to dry eye. Friends and family of University employees are welcome. For further information about this screening contact UREI at:

275-(URMC)8762

Light refreshments served.
